## HOW CLOSE ARE WE TO THE 7 YEAR TRIBULATION?

When the media recently revealed the shortage of rice throughout the world and how many rice producing nations (Philippines and so forth), were holding on to their supplies, driving up costs and creating massive shortages, I immediately thought of the words the Holy Spirit told my dad two years ago that a famine was coming and how world leaders needed to set aside food for their people, and the second thought was the third horse of revelation that initiates a famine where bread will be sold for dearth of money (Revelation 6:6).

No, we are not there yet, and the apocalyptic horse is not yet galloping across the globe. However, how close are we to the Biblical 7 year tribulation? This is just one of many questions I will answer when ministering at the Saint Louis Conference.

God revealed to Daniel that at the time of the end, “many shall run to and fro and knowledge shall be increased.” This knowledge is linked to both human creativity and spiritual understanding. There are numerous prophetic mysteries, or prophecies, that were to be veiled from mankind until the time for them to be understood.

I have been very humbled to have recently sat under an open window of inspiration, from which has flowed some of the understanding of the times that I have ever experienced. I believe this is in part due to the major prophetic cycle that America and the world are both entering. After prayer and hundreds of hours of study, I am preparing 27 messages for our 3 main summer conferences in Saint Louis, Louisville, and Huntington. The first summer conference will be in the Saint Louis area, at Life Christian Center in Shelton (See the web site for more information).

At this time I have nine new and distinct “right now” messages for the Saint Louis Conference. This is not the final list; however, the following will be the main subjects that we will dig into with the anointing of the Holy Spirit:
